

Weddings at The Restaurant at Redstone Winery

Information

Nestled on a 38-acre vineyard in Beamsville, Ontario, *The Restaurant at Redstone* offers a modern, “rustic-Canadian” location for a wedding reception. Entertain guests in a space with high ceilings, rustic barn board & modern floor to ceiling windows overlooking our estate vines.

The Restaurant at Redstone provides exquisite meals made from ingredients as local as possible. In our own backyard we source vegetables from OHME Farms in Vineland, Cheese from Upper Canada in Jordan Station, and meat from our very own barn.

We understand that a wedding day requires a tremendous amount of planning and coordination, so we only host a small number of weddings each year to ensure that each celebration we host is held to our highest standards and given the attention it deserves. To say you were married at Redstone Winery is to say you are part of a small elite club of wedded couples that celebrated at our beautiful and unique property.

Ceremony

Redstone is pleased to offer brides & grooms a picturesque wedding ceremony location on our stage located outside on our patio. A paved aisle leads you to your nuptials with standing room or seating on existing patio chairs, arranged in rows facing the bride and groom.

A microphone and amp are available from Redstone to project your vows over the group.

Ceremonies are not able to take place on the grass area behind the stage due to irrigation and ground conditions. There is no indoor inclement weather back up. Should you plan for an outdoor ceremony, and it rains, guests will be seated in their dining seats with the bride and groom standing at the front of the restaurant.

Capacity

Our maximum capacity for a wedding is 80 guests (not including vendors who would be seated outside of the main restaurant space). To create a set up that would allow for easy manipulation in accommodating a dance floor later in your celebration, seating is comprised of 8 tables with up-to 10 guests at each or two long tables (36 and 44 guests- cannot be made even).

Timing

Exclusive restaurant rentals are available for lunch or dinner. A luncheon booking would take place from 11:00am until 4:00pm and a dinner rental is 5:00pm until 1:00am. You are given one-hour prior to your rental time for vendor deliveries and decorating.

Fees & Pricing

Exclusive Use Rental Fee

An exclusive-use wedding celebration at Redstone has a \$5,000.00 (+HST) fee. This fee covers the closure of the restaurant, use of restaurant chairs and tables, set up of dining tables and chairs, all items required to execute a successful meal such as plates, cutlery, glassware, service staff, set up of ceremony including guest seat, signing table and chairs, receiving of vendor deliveries and dedicated event coordinator to assist you with your plans lead up to the day.

Should you wish to extend your rental period to allow vendors earlier access for decorating you may do so at the rate of \$1,000.00 per hour up to \$3,000.00 (which would allow for access as early as 10:00am). Additional rental hour rate does not apply if you are extending your reception/open bar timing.

FAQs

How many guests can you accommodate on your patio?

Our patio capacity is double that of our indoor capacity, but we do not book any events that cannot accommodate in inclement weather. 80 is the maximum booking capacity.

Do you allow tented weddings on your property?

We are not opposed to a tented wedding on our property however there are many factors to consider for this option that make it quite expensive. Note: ALL tent rentals, accessories, and permits are at the expense of the wedding couple and are in addition to the Redstone charges. With a tented wedding you would be required to rent a tent with sufficient space for all guests, tables, chairs, lighting etc, a second smaller tent to be used as a satellite kitchen and service area as well as and not limited to a bar to be used for serving guests.

Additional washrooms may need to be rented based on guest count and the by-law allowance for guest capacity and washrooms required.

Plates, cutlery, and glassware may need to be rented if the number of guests exceed our current inventory (inventory based on our average daily operating numbers).

Can we have live music for our wedding ceremony?

Live musicians are welcome for wedding ceremonies and the outdoor cocktail hour so long as their music is not amplified. Use of any amplification, microphones or percussion instruments is not permitted.

Can we have live music such as a band for our reception?

You may have live music such as a band for your reception INDOORS only. Bands need to be set up prior to the cocktail reception starting. Space for the band to set up will be taken from the dance floor area.

Is the retail store open during our rental time?

The retail store is typically open until 6:00pm in the winter and 7:00pm in the summer. Retail guests who arrive close to closing time are usually onsite for about ½ an hour after closing and staff can be on premise for up to a few hours after closing. Please note that washrooms are a shared space between the retail and restaurant areas.

Are children considered part of the guest count?

Any children that will require their own seat and meal are considered part of the overall guest count. A baby who will be in a car seat or held is not considered in your count.

Do you offer children's meals?

We offer a children's package that includes a 3-course meal and unlimited non-alcoholic beverages from the bar.
